Commodore 64 (MB-SID) 110v Power Supply Buy (proposed)

The proposal is to buy 100 Recoton C-1004 Power Supplies. These are for use in the Americas (110v) and provide both 5v and 9v via DIN connector. Each supply will cost $7.20 plus shipping. (EDIT: Apparently Priority Mail is $8.95 and that should cover multiple power supplies.)

Click on the “Edit this page” button (top left corner) and add your MIDIbox username and the number of supplies you would like.

ADD YOUR NAME AND QUANTITY TO THE END OF THE LIST

DO NOT DO ANY OTHER EDITS TO THIS PAGE

Adding your username and quantity is not a commitment to purchase them if/when I have them available to sell, however, if you change your mind, please come back here and change/remove your list entry. (P.S. This page format shamelessly stolen from Wilba's Group Buy - can you forgive me?)
