

NOTE

(March 2011) While my own health is fairly decent now (my blood pressure is still a bit high), this last year has been a bit traumatic for my family. My father-in-law was diagnosed with pancreatic cancer on August 18, 2010, and he died November 28, 2010. Additionally, my daughter accrued over \$11,000 US in medical bills. Yipes! I'm sorry about being offline so much lately.

About Me

Believe it or not, my name is... Doug Wellington. I live in Tucson, Arizona, USA, but I hope you won't hold that against me!

People tell me that I have enough hobbies for ten people - I work as a system administrator/programmer during the day and have a wood, metal and electronics shop where I spend evenings and weekends.
