## Level 2 Headline

<http://wiki.splitbrain.org/plugin:code2> contains nice infos about the newly supported code2 plugin!

### Level 3 Headline

test

OK, so you need to have consecutive levels of headline, so you need level 1, then 2, then 3... and suddenly \*blam\* a TOC :)

Testing boxes: `<box>` the box contents `</box>`

`<box 80% round orange|a title>` the box contents`</box>` `<box 50% left blue>`the box contents`</box|a caption>`
