

Welcome to the MIDIBox Knowledge Base

What is MIDIBox?

MIDIBox is a [do it yourself](#) custom midi controller solution. You can use the resources on these pages to build your own custom MIDIBox based midi controller. A more thorough introduction can be found [here](#).

This knowledge base is a wiki

The MIDIBox community works hard to maintain and improve this knowledge base. You can help! Feel free to [add or correct things](#). You need a MIDIBox forum account to edit these wiki pages. If you want to discuss documentation or wiki issues, please post in the [forum](#). If you're posting a question in the forum, be sure you look for the answer first by searching this wiki, [uCapps.de](#), and the forum itself.

About

- [What is a MIDIBox](#) 
- [Introduction to uCapps.de](#) - *recommended reading!* 98% of all newbie-questions in the forum are answered in here
- [MBHP Acronyms](#) - Acronyms and abbreviations often used here. If you don't know what [AIN](#) or [BS](#) means... just look it up before you continue!
- [References](#) - Links, Book Reviews and Specification References: Look it up!
- [FAQ - Questions and Answers](#) - Find the Answers to the most frequent questions here!
- [uCapps.de](#) ^{uCapps.de} The homepage of Thorsten Klose, the creator of MBHP & MIOS with loads of documentation

MIDIBox Devices

- [MIDIBox Projects](#) - MIDIBox devices like Controllers, Synthesizers, Sequencers and all sorts of different DIY-projects. You will find tutorials, manuals, descriptions and links for over 20 both 

official as well as inofficial user projects - for example the famous [MIDIbox SID Synthie](#) or the [MIDIbox Sequencer](#).

MIDIbox Hardware Platform (MBHP)

- **MBHP** - the MIDIbox Hardware Platform with detailed informations about available modules (eg. the [Core Module](#))
- **Parts** - Where to order, part references (eg. how to connect an Encoder)
- **Basics** - How to get started, things you'll need, Soldering, Tips & Tricks
