I made this PCBs to use it with Fairlightii´s [mb-lre8x2cs_pcb](#)

PCB

I didnt panalize it, so you have to do this when ordering the PCB online
 you will need 4 PCBs per LRE8x2... normally you want to order 8 PCBs (using 2x LRE8x2)

Here are the gerberfiles for production - i made it with [JLCPCB](#)
