

Summary

This page is the main area for documenting everything related to the Midibox SEQ V3 application

It has been replaced by [MIDIbox SEQ V4](#) meanwhile!

LCD Connection

There is a schematic of how to connect 2 LCDs: http://www.ucapps.de/mbhp_lcd.html

Methods you may choose to do that (IDC connectors and pinouts, ribbon cable configuration, etc) are discussed in [this forum thread](#).
